## *Marketing: E-Mail Blast Campaign*

Generating leads is a challenge in today's time. E-Mail Blast Campaigns allows us to help promote & marketing your company! With that, we setup a customized E-Mail Campaign showcasing your company and highlighting a few features, products, services, etc. And then send them off in a massive email blast!

### **What Is E-Mail Blasting?**

This is where we setup a special email template highlighting & showcasing your products & services and introducing your company to a slew of other companies and individuals seeking your services. Then we provide you with a list of emails you can send your email campaign too!

### **How Many Revisions?**

We offer a total of 2 revisions in order to ensure your Logo is 100% perfect. We choose to provide you with 2 revisions as we have to limit the workload of our logo designers to ensure that they can do the best job possible and effectively.

### **What Are The Benefits?**

E-Mail Blast Campaigns provides you with the ability to market your company to several individuals, or company's, at a single time! Imaging taking a brochure to the center of New York Times Square and sharing it with everyone there! That is a lot of people at once. And that is the power of E-Mail Blast Campaigns!
