Your company is coming together perfectly! You are ready to accept your first customer, or maybe you are already getting customers but require more! We provide your company with customized catered Social Media Ad Campaigns in order to help boost and promote your business, services, products, and more!

### **What All Do You Do?**

The first thing we do is determine what you want to market. After that, we create a customized ad design based on your promotion needs. From there, we provide you with a 5-Day Social Media Boost Post in order to help gain potential customers and generate leads with Social Media!

### **How Many Revisions?**

We offer a total of 3 revisions in order to ensure your Logo is 100% perfect. We choose to provide you with 3 revisions as we have to limit the workload of our logo designers to ensure that they can do the best job possible and effectively.

### **What Social Media Outlets Do You Use?**

This is all on you! We can use any social media outlet you are using. By providing us with login details to your social media accounts, we can ensure that we are publishing the ad & boosting it to the right areas based on your demands and goals!
