Marketing: Social Media Management

Having your company up and running is one thing. Having it setup on Social Media Accounts is yet another thing. Our Social Media Team will ensure that your companies social media presence is professional, up-to-date, and resourceful of information pertaining to your business.

What All Do You Do?

Our team will log into your Social Media Accounts, update your business information {Contact | Web | Hours | Prices}, setup products & services, update images & banners, and create posts based on your demands and goals!

What Information Do You Need?

We will need to secure the login details for your Social Media Accounts. From there, we will also inquire about updating Profile Images & Banner Images. We will also need a list of your Services/Products and their prices. And finally, business contact information and hours of operations.

What Social Media Outlets Do You Use?

This will be based on you! We can manage all of your social media accounts including Facebook, Twitter, Instagram, LinkedIn, Minds, and others alike.

Can You Set Up Social Media Accounts For Me?

Yes. If your company does not already have Social Media Accounts, we are more than happy to set them up for you! We will send you the login details of your social media accounts.
