

Love's Web Firm

Web: Advanced (E-Commerce)

Now that you have that perfect list of services, or products, you want to sell, it is time to get your company and products online! Our E-Commerce package is our best seller so far! This will allow you to get your products/services available to be sold online anytime day or night!

How Many Products Can I Host?

Unlimited! If you have 10 products, or 10,000+ products, we can work with them all!

** Please Note: More than 20 Products will have an additional Charge! **

Will I be able to get Extra Support?

Yes! We also provide web services where we can update your website.

** Please Note: This will be an hourly rate for updates & alterations! **

Can you make it SEO Friendly?

Of course! What would be the purpose of having products if we do not handle SEO Services as well!

What Payment Portals Do You Use?

Typically, we use PayPal, but we can also use Stripe. So it will be your choice to use either PayPal or Stripe!

What Framework Do You Use?

Our Frameworks range from least secured, to most secured. And we can build on WordPress, PHP, or Ruby on Rails!
