

Love's Web Firm

Web: Basic (Informational)

Congratulations on starting your own company! Now what do you do? You need a website in order to help showcase your services, work, and basic information about your company! And that is where we come into play!

How Many Pages Comes With This Website?

Typically 3-Pages. Or we can merge everything into 1 page. It typically consists of 3 different elements (Home | About | Contact). We can also include Images (Photo Gallery Style), videos, and other means of media you choose to have!

How Does this process work?

After payment has been confirmed, we ask you to select one of our designed templates. After that, you send us the content {Wordage, Images/Audio/Videos, Links, Contact Information} to us. When we have your template, payment, and content, your site will be live in about 2-3 Business Days!

Extras?

Some of our Extra services that could really benefit you, and your company, are our Mobile Applications, Web Hosting Services, as well as Server Security Protection!
